MEMORANDUM FOR: Acting AD/CI

SUBJECT : OCI Comments on NSC Board Assistants Paper
on Far East dated 7 August 1959

these are lamentable. On a review of our entire Far East policy and an extremely provocative paper, one on which ONE has given me about 30 pages of comments, the best I get from OCI is the attached. Even from the most pure intelligence point of view there are major problems involved in this paper, as I think you can tell at a glance.
